“Sam is more than a photographer; he is a story teller who has given us memories to last a lifetime. Thank you, Sam, for your artistry and passion.”

– JODIE & CONNOR

Hello!

HEY, I'M SAM.

*“Don’t be surprised if you find me
on the dance floor with you,
probably twirling Grandma.”*

I'm the person behind the lens. For years, I've enjoyed documenting all aspects of my own and other people's lives. Creating memories and freezing them for the rest of time has, and always will be, my favourite thing to do. Doing this for other people brings me more joy than you could ever understand.

My working vibe reflects a fly on the wall. I create documentary style photographs that encompass every aspect of your day, to result in an amazing album with the best memories to keep forever. I prefer meeting with all my potential couples once or twice before the big day to make sure we're all on the same page and it's a great excuse to go to the pub!

I live in a small village with my gorgeous wife and daughter, in what I consider the best part of the UK, Yorkshire! I like dance music; I like rock music. I enjoy house renovations, I have a small obsession with modern classic cars, and I love the outdoors as much as a cosy night in!

After studying photography and lens based arts, I've honed my camera skills towards wedding photography because I love to help couples celebrate one of the most special moments of their lives. I'm not just a camera man either. I have a bum bag full of pins, hair clips and Q.tips, and don't be surprised if you find me on the dance floor with you, probably twirling Grandma.

*Your memories are
my passion.*

Don't get me wrong, weddings can cost a lot, but if you're going to make any wedding investment, having the ability to endlessly look back on story telling photographs and highlight footage from your special day is certainly a priority.

My passion is freezing memories in time through the art of photographs. You can count on me to make sure you can look back on your wedding day for the rest of time!

SOPHIE & BOBBY

We were so pleased with our wedding pictures. Sam captured all of the pictures we had discussed with him prior to the big day and we couldn't have been happier.

He was very discreet during the day and captured all of the special moments Sam was very professional whilst also being extremely personable and we can't thank him enough. We would recommend him to anyone for their big day. Thank you!

JODIE & CONNOR

Throughout the event, Sam seamlessly blended into the background, documenting candid and genuine moments with a keen eye for detail. His professionalism and calm demeanour were invaluable, ensuring a smooth day while making us feel completely at ease.

Sam is more than a photographer; he is a story teller who has given us memories to last a lifetime. Thank you, Sam.

AMANTA & DAMON

Sam was extremely professional throughout the whole experience. From arranging a phone call to discuss our needs and wants, to following our very detailed list on the day! He was very straight forward about setting our expectations, and he went beyond what we expected.

During the day, Sam was flexible and understanding, most of the time we didn't know he was there and it never felt awkward at any point.

ALEX & CHAD

We really loved having Sam do our wedding reception photos, we wanted natural photos of us all without having a camera in our face all the time and sam did the perfect job, we didnt even know he was there.

The photos are gorgeous and we love looking back at them, bringing back all the memories of our night, would 100% recommend Sam for any of your special occasions. Thankyou so much again, The Griffiths x

Tips for the Bride

Your wedding day is finally here, and it's going to be beautiful—no matter what! Things might not go 100% according to plan, but that's okay. The key is to trust your vendors—your photographer, planner, and venue staff have done this countless times and know exactly how to handle anything that comes up.

Take deep breaths, enjoy each moment, and don't let small hiccups take away from the magic of the day. Most importantly, don't forget to take a step back, look around, and soak in the love and joy surrounding you. This is your day—embrace it!

Take a look at my top 10 tips for your big day!

MY TOP 10 BRIDE TIPS

Start your day with a good breakfast - You'll need the energy!

Give yourself extra time - Everything takes longer than expected, so plan ahead.

Trust The professionals - The venue staff, photographer & planner have got this!

Stay hydrated - With all the excitement, it's easy to forget to drink water.

Don't stress over small things - No one will notice tiny imperfections.

Break in your shoes beforehand - Avoid blisters on the big day!

Have a personal touch-up kit - Lipstick, blotting paper, and safety pins etc.

Take a moment with your partner - Sneak away for a few minutes to soak it all in.

Enjoy the food - You spent time choosing the menu, so don't forget to eat!

Breathe and be present - The day flies by, so take deep breaths and cherish every second.

YOUR FAQs

Answered

HOW FAR IN ADVANCE SHOULD WE BOOK?

Most photographers recommend booking 12-18 months in advance, especially for peak wedding seasons or dates, but occasionally there's dates still available for late bookings.

WHAT IF IT RAINS?

I always come prepared with a rain plan, and there's always back up indoor locations for portraits and formals, plus I always have umbrellas to hand. Two of my wedding couples have chosen umbrella shots as their favourite photo of the day!

WHAT HAPPENS IF I'M ILL OR CANNOT SHOOT YOUR DAY?

The chances of me not being able to photograph your special day is slim to none. I don't do ill. On the off chance that I can't attend, I have a close group of local wedding photographer friends who are always on hand for covering with a similar style to myself and with the same terms.

HOW LONG WILL OUR PHOTOS TAKE?

3-6 weeks, with a selection of preview sneak peeks within a week of the big day, perfect for socials!

WE'RE BOTH CAMERA SHY!?

Me too. I totally understand! I specialize in natural and candid photos, but the odd relaxed posed shot has a special place in your final gallery. I'll help give gentle direction to help you feel comfortable and look amazing in your photos.

HOW MANY PHOTOS WILL WE RECEIVE?

For a full day coverage you can expect a gallery well in advance of 400 photos! Ceremony until first dance over 300, and for my 2 hour 'Your ceremony' package at least 100 carefully edited high quality images.

CAN WE REQUEST SPECIFIC SHOTS OR A SHOT LIST?

Absolutely! While my style is on the documentary 'fly on the wall' side of things, and I love capturing natural candid moments, a short list of must-have family or creative shots is always welcome. I'll have a copy to hand so these photos don't eat too much into your day.

PHOTOS & FILM AT THE SAME TIME?

Yes! My equipment allows me to both photograph and capture video footage together. Photos will always take priority for the most special moments, but I usually manage to capture these too for your highlight film.

DO YOU WORK ALONE?

The majority of the time I work alone, but for larger weddings or if you desire to capture multiple angles of your day, a second photographer is recommended. I have a list of second shooters with the same style as myself on hand for these weddings.

DO YOU NEED A MEAL?

A photographer's meal is always appreciated, especially for full-day coverage so I can stay energized and focused on capturing your memories, and I won't have to leave the venue.

HOW DO WE BOOK?

Please see my booking process page, or contact me on 07445 201320 or info@samxphoto.com. Thanks!
